

Block Building Therapies has an immediate opening for an independent, motivated and enthusiastic **Community Physiotherapist** to join the company in Winnipeg, Manitoba.

Established in 1998, **Block Building Therapies** is a private practice that provides rehabilitation services to people of all ages with diagnoses such as traumatic brain injury, spinal cord injury and orthopedic injuries. School therapy services are provided to children with special needs. We are a community based private practice that services children all over the province of Manitoba. We work extensively with clients, their families and schools/employers to enhance their quality of life.

We are currently seeking a **part-time** Physiotherapist to work at Block Building Therapies. Part-time employment would be in two different areas: Adult Neurology & Pediatrics.

Qualifications:

- Valid CPM license
- Pediatric and/or school therapy experience is mandatory
- Adult Neurology experience (brain injury & stroke) is mandatory
- Must be a confident and dynamic individual
- Ability to work well independently, having good organizational skills and self-discipline
- Flight travel outside of Winnipeg required once a month
- Good computer skills using Microsoft Word as well as communication and research programs
- Excellent communication (written and verbal)
- French speaking is an asset

Salary is competitive and based on experience. Please submit resumes to:
