

Prota Clinic is a unique, state of the art medical clinic in Winnipeg. Our team is seeking an additional Pelvic Health Physiotherapist (Part time or Full time) to assist with a full case load and with an incontinence program with a Colorectal Surgeon.

Prota Clinic embraces an interdisciplinary approach to healthcare, promoting proactive detection of health concerns and guidance to improve overall health, longevity and quality of life. Our health care team includes Medical (Physicians), Physiotherapy (with fully equipped gym), Pelvic Health Physiotherapy, Athletic Therapy, Massage Therapy and Dietician services.

As a Pelvic Health Physiotherapist, you will be working with an experienced Pelvic Health Physiotherapist who currently has a full case load and deals with a multitude of men's and women's pelvic concerns. Your role is to perform clinical assessment and treatment of men and women for orthopaedic, urinary, bowel and sexual function. Opportunity for mentoring with an experienced Pelvic Health Physiotherapist is available.

Prota Clinic offers full administrative staff to be responsible for bookings and billing, as well as a competitive salary and benefits package.

If you are looking to work in a collaborative/team environment to strengthen your Physiotherapy skills and knowledge, then you have found it at Prota Clinic.

Qualifications:

- Graduate of a recognized Bachelor or Masters of Physiotherapy program
- Registered in good standing with the College of Physiotherapists of Manitoba
- Appropriate Physiotherapist insurance
- Certified in Pelvic Floor Physiotherapy assessment and treatment (2 years experience is preferred, although less experienced Physiotherapists will be considered)
- Certified in acupuncture (suggested)

Please find our website at: www.protaclinic.ca

Interested candidates may apply by submitting a cover letter and resume to sedwards@protaclinic.ca.
