

Join our dynamic multidisciplinary team for full time or part time work! This position has the opportunity to span two pediatric programs at Manitoba Possible, Communication Centre for Children (CCC).

Physiotherapist

THE POSITION

Within a family centered model, you will provide physiotherapy assessment, intervention and consultation to preschool children, their families and caregivers. You will work as part of an interdisciplinary team of OTs, PTs and SLPs providing services to preschool children who have developmental and /or physical disabilities. These consultative services are provided in the child's natural environment – home/daycare/nursery school.

The successful applicant(s) would work in the Winnipeg region and would be based out of SSCY Centre.

Children who are Deaf or Hard of Hearing are eligible for services within the CCC program. In addition to the OT, PT and SLP team members, families in the CCC program are supported by Early Intervention Specialists – Deaf and Hard of Hearing.

This is a .5 EFT position.

For more detailed information about these exciting opportunities and to apply, please go to our website at:
