Nova Physiotherapy / Incontinence & Pelvic Pain Clinic

is proud to offer a pelvic floor physiotherapy clinical residency/mentorship physiotherapy position. Full or part-time may be arranged.

If you are interested in pursuing a career in the field of **pelvic floor physiotherapy**, please contact Kelli Berzuk at kelliberzuk@shaw.ca

Mentor with experienced physiotherapists who have attained university graduate degrees and certification in urogynecology, colorectal and women's health offering physiotherapy for all age/gender populations.

Nova offers pelvic floor physiotherapy as well as standard full-body orthopedic physiotherapy for neuromuscular skeletal concerns within our 4400 square foot facility. In addition to exercise physiology, biopsychosocial and manual therapy approaches, physiotherapists may choose to integrate a broad range of equipment into their assessment and treatment programs such as;

- Theralase cold laser therapy
- Prometheus computerized EMG biofeedback
 - Prometheus electrostimulation
- half-cage weight equipment & neurological cage
 - Prometheus real-time ultrasound imaging
- BTL Emsella high intensity focused electromagnetic therapy chair

Nova has offered pelvic floor physiotherapy treatment for over 30 years, and we are excited to welcome an additional physiotherapist to our collaborative team.
