## **We're Hiring: Pelvic Floor, Vestibular, and/or TMJ Physiotherapist**

*Part-Time to Start | St. James, Winnipeg*

Instill Therapies is growing, and we're looking for a skilled and compassionate Physiotherapist with a focus in **pelvic floor**, **vestibular**, and/or **TMJ** therapy to join our multidisciplinary team. This role will begin as **part-time**, with the opportunity to grow into **full-time** as your caseload builds.

### **Who We Are:**

Instill Therapies is a woman-owned, 2SLGBTQ+ friendly clinic located in the heart of St. James, Winnipeg. We offer a collaborative and supportive environment for both our clients and team members. Our services include massage therapy, manual osteopathy, acupuncture, counselling, and breathwork. We value **integrity**, **teamwork**, and a **strong commitment to client care**. Our space is **wheelchair accessible** and offers on-site parking.

### **What You'll Do:**

- Assess and treat clients within your scope (pelvic floor, vestibular, and/or TMJ)
- Provide personalized home care and exercise plans
- Schedule and invoice clients, process payments
- Maintain electronic documentation of sessions
- Contribute to day-to-day clinic upkeep (including laundry and shared tasks)

### **Requirements:**

- Master's degree in Physiotherapy
- Successful completion of the **Physiotherapy Competency Examination (PCE)**
- Registration and good standing with the **College of Physiotherapists of Manitoba**
- Additional training in pelvic floor, vestibular, and/or TMJ therapy
- Strong communication and interpersonal skills

### **Why Join Us?**

- Flexibility to build a schedule that supports your lifestyle
- Warm, inclusive, and team-oriented clinic culture
- Space to grow professionally with the support of a diverse wellness team
- A modern, accessible clinic space in a central location

### **To Apply:**

Send your resume and a brief cover letter to **info@instilltherapies.com**. We're excited to meet you and hear how you can contribute to our growing community.
