

We are looking for a registered Physiotherapist to join our new clinic on a part or full-time basis. There are currently no physiotherapists in the area. Our clinic has a high demand of patients looking for preventative care in the form of extra-curricular exercise. You must be comfortable with writing exercise prescriptions.

- We offer ease of access with online booking. We have cross referrals from our sister clinic which consists of a chiropractor, physiotherapists and three massage therapists. Our location currently consists of 3 fully-booked massage therapists with patients looking for a physiotherapist to complement their healthcare needs.
- You must have the skilled ability in the assessment, identification, and treatment of clients of varying ages and with diverse diagnoses and be able to work quickly with time constraints. Experience in work re-conditioning and hardening programs would be an asset. You must be able to work in a multi-disciplinary setting with a chiropractor and massage therapists. Fluent in tagalog would be an asset.
- Compensation is competitive and new grads are welcome! Guaranteed caseload for evenings and weekends.

Please apply by email to Jennifer Schaeffer or Claire Andrada at hello@bluebellhealth.ca
