## **FULL TIME & PART TIME PERMANENT PHYSIOTHERAPISTS**

We are looking for two dynamic and highly motivated individuals who want to successfully build a fulfilling private practice and join our team. Our vision is to get patients back to doing what they love in the most efficient way possible by using a holistic approach to treatment. We are a thriving clinic with a full-time caseload waiting for the successful candidate.

The successful candidate will be a team player with good communication skills. We are a small clinic consisting of 4 therapy rooms, and therefore the successful candidate should feel comfortable working independently. We provide competitive commission rates, access to a physiotherapy assistant, full use of a 4000 square foot gym and its equipment, as well as educational allowance.

Our current caseload is heavily focused on the use of IMS, Visceral Manipulation and Manual therapy. We have a strong focus on strength training due to our connection with Impact Performance Centre. Our clinic would happily welcome other specialties such as Vestibular Therapy, Cranial Sacral, Pelvic floor therapy, and Pediatric Rehab.

### **The successful candidate will possess the following attributes:**

- ✓ Licensed physiotherapist in good standing with the College of Physiotherapists of Manitoba
- ✓ Work well in a team environment
- ✓ Strong communication skills
- ✓ Sport Related background is a strong asset
- ✓ Flexibility with days, evenings, and weekends (This can all be negotiated)

- ✓ CSCS and CSEP-CPT certifications are assets
- ✓ Post graduate manual therapy levels, acupuncture, dry needling and other certifications are an asset
- ✓ Cranial Sacral and Visceral Manipulation courses are assets
- ✓ Previous private practice experience
- ✓ New Grads encouraged and welcome to apply
- ✓ Mentorship and team learning opportunities available

Please send a resume directly to the owner: I look forward to meeting with you!
