## PHYSIOTHERAPIST

**TERMS OF EMPLOYEMENT:** under contract

**START DATE:** as soon as possible

**POSTING EXPIRY:** until position(s) filled

As a physiotherapist you will need to provide rehabilitation in an independent, client-centered, community based practice.

Your key responsibility will include conducting assessments, formulating recommendations, planning and implementing goal directed treatment programs.

Our client makes use of a marketing system that encourages patient referrals.

However, therapists are encouraged to network to increase personal referrals.

Training will be provided on the use of medical and exercise equipment as well as the facility.

### QUALIFICATIONS AND EDUCATION:

- Must be registered with your appropriate regulatory association and licensed to practice in Manitoba
- Acupuncture and a strong exercise background is an asset
- French is an asset but not required
- Must be business-oriented and able to work under pressure in a busy environment
- must be neat and accurate at work
- Must be a team player
- must contribute to creating a positive, safe and healthy environment for patients
