

Physiotherapist Position- Full or Part-Time Permanent Position

We are looking for a dynamic and highly-motivated physiotherapist who has a special interest in neurological rehabilitation, mobile physiotherapy and/or orthopaedic physiotherapy to join our team. The ideal candidate would be interested in 2 of the 3 areas.

The current position is permanent including days and early evenings on weekdays. The potential candidate would have some flexibility in developing their schedule. The ideal candidate would be interested in working 3-5 days a week. The candidate would have an immediate caseload as our demand exceeds our ability. The position has the potential to expand into more hours in the future.

Our clinic is well-equipped with a Stott Pilates Rehab Reformer/Cadillac Tower, small weights, balance boards, stability balls, portable recumbent bike, portable stepper, TRK machine, foam rolls and various equipment/tools for neurological rehabilitation. We have two private rooms and an additional three curtained treatment spaces, a gym space, fabulous front desk and back room support, two experienced massage therapists and an occupational therapist working on our team.

Formal mentoring would be provided twice a month, along with semi-annual team education sessions and additional financial allowance to pursue post-graduate courses.

The most important qualities that we are looking for is an avid interest in perpetual learning and a willingness to be clearly present as you guide individuals towards their personal wellness goals. At Tuxedo Physiotherapy, we believe in empowering patients to actively engage in their rehab and to live their best lives.

Credentials

- Applicants must be registered with the College of Physiotherapists of Manitoba in good standing
- Must hold individual liability insurance
- Require a valid Manitoba Driver's License and reliable car
- Acupuncture and experience greater than two years are considered assets
- Eager to provide neurological, orthopaedic and/or mobile physiotherapy (interest in 2 of the 3 areas recommended)

Position Benefits:

- Remuneration based on experience and post graduate courses, first month would be hourly rate to help you build up your caseload.
- Online electronic charting and exercise software
- Semi-annual education sessions at clinic
- Twice a month mentoring with senior physiotherapists
- Experienced front desk team that ensure our clients have wonderful service
- Post graduate course allowance, health and wellness allowance
- Team events and gatherings
- Outreach projects to assist our greater community (participation is optional)
- Opportunity to work with a dynamic team with various skills from neurological rehabilitation, dance physiotherapy, clinical pilates, vestibular physiotherapy, yoga certified, acupuncture certified, chronic pain management certification and various other skills.
