

Maddy graduated from the University of Manitoba with her Masters of Physiotherapy in 2020. She is currently employed at Spire Physiotherapy and enjoys working with a variety of musculoskeletal and neurological conditions. She is particularly passionate about managing symptoms of hip and knee osteoarthritis, temporomandibular joint (TMJ) disorders and concussion/ brain injuries. Maddy joined the MPA Professional Development Committee as an MPT1 student prior to being appointed as Chair. She also serves for the CPM Legislative Committee and as a Clinical Placement Supervisor for University of Manitoba Physiotherapy students. Outside of work you will catch Maddy playing recreational hockey, volleyball, roller skating or spending time at her family cabin in Northern Manitoba.
