physiothérapie

## **MPA - Board of Director Bio**

**Tami** has a Physiotherapy degree from Brazil and a Masters in Rehabilitation Sciences degree from the University of Manitoba.

She has completed additional training in Pilates, neuropediatric, pelvic health, acupuncture, and dry needling. Tami is proud to be an internationally-educated physiotherapist and to offer a variety of physiotherapy services in both English and Portuguese in Winnipeg.

Her unique background and training allows her to be highly considerate of cultural, social, and emotional influences when working with patients and an asset to our profession in Manitoba.

Tami is a Winnipeg Jets fan, loves watching sports and movies, is an avid learner, and works to improve our healthcare system by volunteering with MPA and teaching physiotherapy students.
