

Tami received her Bachelor of Physical Therapy degree from the Fundação Hermínio Ometto University in Brazil in 2017, and her Master of Science in Rehabilitation Sciences degree from the University of Manitoba in 2019. She has completed additional training in Pilates, Manual Therapy, IASTM, and the Pain Truth Certification. Tami is proud to offer a variety of physiotherapy services in both English and Portuguese in Winnipeg and aspires to complete her acupuncture certification in the near future and enroll in an interdisciplinary post-graduate program for the management of persistent pain. When not at work, Tami loves to watch sports (#gojetsgo), ballet/dance recitals, movies, and TV shows, as well as learn new skills, such as ice-skating, swimming, and knitting. She also keeps busy volunteering for local charities and spending time with her family and puppy.
